

To my Dear Patients:

This is it—the letter you knew would come sooner or later. With mixed emotions, I am announcing my retirement from Oconee Urology, P.C. It is time for me to retire and pass along my patients to other competent physicians.

I would like to take this opportunity to thank you for your trust and confidence in permitting me to take care of your urology needs through the years.

I want to be certain that my patients continue to receive the best possible care. I have selected my partner, Boris Velimirovich, M.D., F.A.C.S., whom I believe possesses the highest qualifications and is extremely skilled in all areas of urology. I feel confident that " Dr. V " will continue to provide you with the best urology care possible.

As of April 30, 2018, the duty of providing you with the finest, patient-centered urology care will be placed into his capable hands. The staff of Oconee Urology, P.C. will be contacting you for your next regularly scheduled visit.

Please know that all of your medical records are safely on file here at Oconee Urology, P.C. and remain confidential. If you decide to take on a new physician outside of our practice, then you can follow the traditional routes to have your records transferred.

If you have any questions, you can contact NaTonya Jones here at the practice. My retirement is effective on April 30, 2018. If I do not have an appointment to see you, then I wish you health and happiness.

Sincerely,

Michael F. Stewart, M.D.
